SENATOR STEWART.

The following appears in the leading article in the Carson News of Wednesday:

The old friends of Senator Stewart must be charitable to him. A great many think he was elected as a Republican. He burned his bridges behind him. He was elected by the Populists, who call themselves silverites in Nevada, and it was understood when Senator Hill was manipulating the Legislature in New York and it was doubtful whether there would be a Republican or Democratic majority in the Senate, that Stewart would if necessary, stand by the Democrats.

In this connection the Journal comments as follows:

The above is credited to a Utah paper which, was claiming to be an advocate of free coinage, supported one of the Wall street twins for President in 1892. Senator Stewart charged that the bogus silver paper has golden reasons for its trite conduct. Why a newspaper published at the capital of Nevada and edited by a lady, who is supposed to have a higher regard for the truth than the average male politician, should publish such an assertion without contradiction or explanation, seems incomprehensible. The News knows, as does every resident of Nevada who has attained the age of reason, not excepting the Indians, that Senator Stewart received every vote in the two Houses of the Legislature for United States Senator. If the News has a doubt as to the truth of that statement the State Capitol is within a stone's throw of its office and the records will verify it.

Senator Stewart needs no defender from the vicious calumnies of Wall street organs. He has nobly battled for the cause of silver and day and night in the hour of trial manfully maintained his position against the assaults of the gold-bugs. His constituents appreciated his services and pledged every man elected to the Legislature in 1892 to vote to return him to the United States Senate.

The Journal does not exactly understand the case. Miss Martin while the publisher of the News does not write all of the editorial matter. There are several old line Republicans who occasionally express themselves in the paper and they all hate Stewart for repudiating the Republican party, getting matters into such an "awful political mess" that they will be compelled to let go the public test on Jan., 1st.

In their antipathy to Stewart they are led to make some awful breaks and this last is a plain sample of their blundering. In justice to Miss Martin the APPEAL will state to the Journal that she is by no means responsible for many of the articles appearing in the News. If the Republican politicians who aspire to be editorial writers should let Miss Martin do more of the editorial writing it would be better all around.

The Reason Times are Hard.

The balance of trade may be slightly in our favor, but we will call it a stand-off. English capital has been invested in our dividend-paying industries and now draws annually over \$300,000,000 in dividends. This is over \$200,000,000 more than is coined in our mints. So we virtually have no use of the money coined, for it is shipped direct from the mints and assay offices to Europe. If it were allowed to remain for one year without interest it would pay hundreds of dollars of debts for each dollar. Some may say that we have plenty of money in circulation. If a \$1.25 per capita is plenty, then we have, for balance of the money is locked up in vaults, and the interest demanded for its use, cannot be made in any legitimate business. If the financial policy of the past twenty eight years is continued, we can hope for nothing better, and with either of the old parties in power it will continue. The leaders of the Republican party are agents and collectors of interest and dividends on European accounts on such industries as factories, telegraphs and railroads. Leaders of Democrats are agents for other European industries located here, such as beer and whiskey, of all of their stock 70 per cent is owned in Europe.

The Populists say let America own

all dividend paying industries in this country, so that when our precious metals are extracted from mother earth, instead of being sent to Europe they will be allowed to remain at home.

Search history where you may and you will find that reform never was known to come from an old party. So, fellow citizens, if you want protection for your children and love your country, help to build up the only party that offers a ray of hope for us today.

NEW RICHARDS,
Reno, Aug. 13, 1894.

The True Ring.

The Silver men of Storey printed the following on the back of their primary tickets:

To THE PEOPLE OF STOREY COUNTY.
The Silver Party of Nevada is still alive, and intends to nominate and elect a Representative to Congress, a Governor and other State officers, and to name and elect every officer in every county in the State.

The only issue in the campaign is Silver. The Republican Party demonetized it, and the Democratic party refused to restore it to its proper place, although both parties have repeatedly promised in platform to do so.

The people of Nevada know that the mining industry of the State will never flourish under Republican or Democratic rule, and that relief can be expected on the question except through the independent action of the people. The Silver Party of Nevada is organized for the sole purpose of restoring silver to its proper place as a money metal and is pledged to make all other questions subordinate to it.

The Storey County Central Committee of the Silver Party therefore invites all citizens of the county who love their home better than party to manifest it by recording their names and depositing a vote for delegates to the State Convention.

Storey County Delegates.

The delegates elected in Storey county to the Carson Convention are: C. E. Mack, H. P. Flannery, Peter Huff, Wm. Feiley, Thomas Hulley, W. O'Leary, James H. Kinkead, Geo. Hatch, Frank Golden, P. S. Corbett, F. C. Lord, John McKinnon, M. E. Calferata, J. B. Mallon, Chas. Moore, P. Kirven, Richard Kirman, Con. A. Ahern, J. B. Kinney, Nick Prater, Alex. McCone, Henry Combelick, J. L. Finnegan, E. D. Boyle, Robert Wood, Chas. Haub, John McGrath, C. L. Murphy, Andrew Canavan, H. T. Carah, W. E. F. Deal.

Washoe Delegates.

At the primaries in Washoe County on Monday to send delegates to the Silver Convention the following were elected.

R. Ryland, H. H. Beck, T. V. Julien, E. D. Kelly, H. Bergstein, G. H. Holesworth, R. C. Leeper, B. F. Leete, R. C. Moore, C. C. Powning, John Sauderland, W. P. McLaughlin and I. B. Marshall.

Very serious charges against Rev. A. C. Hirst of San Fran are now being investigated by an ecclesiastical court. The doors are closed to the reporters. Fortunately, the columns of the newspapers are never closed to the churches. Space, when the churches want it, is as free as Salvation itself. The newspapers, struck heavily upon one cheek by being excluded from an ecclesiastical investigation, gently turn the other by giving free notice of church fairs, socials, festivals, entertainments, concerts, sermons, etc., etc., thus furnishing a beautiful illustration of practical christianity.—Daily Report.

People who contemplate a trip to the mountains for an outing can not do better than pack up and go to the Rubican Springs. The best way to reach the Springs is by McKinney's Lake Tahoe, thence by stage eight miles, through a wild and picturesque country. Vada Clarke the proprietress, has made a number of improvements and the place is more attractive than ever before.
